INTRODUCTION

Page numbers provided are to the original volume for purchase at [Gone West Publications](#). This index is intended to help the user determine if his/her ancestors are included in the original volume. Spellings provided in the index, match those found in the newspaper articles, and consequently, may include misspellings or inaccurate surnames. Also, married women were often listed only under the name of their husband (i.e. Mrs. Jones Jones). Those persons included in articles with only a last name (i.e. Mrs. Jones) are not included in the index. For a thorough search, it is suggested that ALL names in a family be researched, including siblings, parents, grandparents and children.
